## DETAILED ACTION

### *Drawings*

1. The drawings submitted for examination on 6/22/2001 have been considered and accepted by the Examiner.

### *Reasons for Allowance*

2. The following is an examiner's statement of reasons for allowance:
3. Regarding claims 8 and 14, the prior art of record teaches of a method for displaying a message in a folder-type mobile terminal including a main body, a sub-body foldably mounted to the main body, the sub-body having a first display mounted on an outer side and a second display mounted on an inner side, the method comprising: upon receipt of a message, while the sub-body is folded, displaying an indicator indicating receipt of the message on the first display;

The prior art of record fails to teach where upon receipt of a key input corresponding to a user's external display request, **determining whether the first display is set to a double-line display mode; if the first display is set to a double-line display mode, slidingly displaying the received message on the first line of the first display; and if the first display is not set to a double-line display mode slidingly displaying the received message, the message received time, and the caller's phone number on a single line on the first display.**

4. Claims 10-13 and 15-18 depend on allowed claims 8 and 14, respectively; therefore, the examiner gives the same reasons for allowance as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
